To whom it may concern:

On June 23, 2018 a Revised Funding Commitment Decision Letter (RFCDL) was generated on the Appeal of the Administrator's Funding decision for FY2017/18 FCC Form 471 # 171023567. However, upon repeated readings of that document we have questions and need clarification of the Administrator's 'Post Commitment Rationale as found on page 6/6 of the document.

I've attached the second half of the rationale (of the RFCDL/Appeal decision) and request for amplification of the ACTUAL THING that resulted in the following narrative that was part of the denial:

*Additionally, based on the information provided during our review, **we determined that the competitive bidding process that was not fair and open**, and therefore, the FRN is denied. FCC rules governing the E-rate Program state that the competitive bidding process must be fair and open. Circumstances should not be present that would give an unfair competitive advantage to any service provider and all bidders must be treated the same. The goal of the competitive bidding process is to have as many bidders as possible respond to an FCC Form 470, RFP, or other solicitation method so that the applicant can receive better service and lower prices. Applicants should not set restrictions that limit the number of prospective bidders and/or deters other service providers from submitting a bid for services which may be more cost effective and interferes with the fair and open competitive bidding process required by FCC Rules. In your appeal, you did not demonstrate that USAC's determination was incorrect. Consequently, your appeal is denied. FCC rules require applicants to submit a complete description of the services they seek so that it may be posted for competing service providers to evaluate and formulate bids. See Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, 12 FCC Rcd 8776, 9076, FCC 97-157, para. 570, 575 (rel. May 8, 1997). The applicant's FCC Form 470 should inform potential bidders if there is, or is likely to be, an RFP relating to particular services indicated on the form. To the extent that the applicant also relies on an RFP as the basis of its vendor selection, that RFP must also be available to bidders for 28 days. **See Request for Review of the Decision of the Universal Service Administrator by Ysleta Independent School District, El Paso, Texas, et al.**, Federal-State Joint Board on Universal Service, Changes to the Board of Directors of the National Exchange Carrier Association, Inc., SLD Nos. 321479, et al., CC Docket Nos. 96-45 and 97-21, Order, 18 FCC Rcd 26423-26424, FCC 03-313 para. 39 (rel. Dec. 8, 2003)*

I am also attaching a copy of the relevant Revised Funding Commitment Decision Letter for your review. If you have any further questions do not hesitate to contact me.

USAC	<p>Thank you for contacting USAC Client Service Bureau</p> <p>USAC denied your funding request because the documentation that contained information needed for potential bidders to respond to your RFP was not available for 28 days in the E-Rate productivity portal before selecting your service provider. On 6/2/2017 you uploaded "17C-52J Additional Information Document" that contains significant information for the bidders to be able to respond to the FCC form 470 and RFP. However, this documentation was not available in E-rate productivity Portal for 28 days before you selected the service provider.</p> <p>Program procedures require the FCC form 470, RFP and any documentation providing the additional or modifying the original information in your FCC form 470 and/or Request for Proposal be uploaded into the FCC form 470 in</p>	<p>8/8/2018 5:21 PM EDT</p> <p>USAC's response to our specific inquiry does not answer our specific inquiry. It simply restates the appeal denial language for which we were seeking clarification.</p>
